Sub: - AUCTION of vacant land In SEZ-2, SITAPURA ,  
Jaipur

Respected sir,

We would like to bring to your kind notice that there are several vacant plots available in SEZ-2, Sitapura , Jaipur from last many years, but last year with joint efforts of your team and our association executives we were able to arrange to get new factories in SEZ-2nd Zone.

Sir, there are many jewellery export companies working in Sitapura & other areas, they are willing to purchase these vacant land to expand their exports. As you are aware that many countries especially Europe & USA are willing to source jewellery from countries other than china. To attract these companies. we need to build more capacities in production. This shall lead to new investment in building. plant & machinery and this will help to generate new employment opportunities including earning in foreign currency.

Sir, we request you to kindly look into this matter as it's pending from long time, hope your quick action on same.

*Sir*  
Regards

Anand Rao  
Secretary
